

FRC Summer Bridge Program 2017

What is it?

The Summer Bridge Program is designed to help incoming students refresh their knowledge and get a head start before the semester begins. Students participate in a two-week session consisting of math, English, and college readiness workshops. Participation in the program is free! School supplies and lunch are also provided each day and fun local activities are promoted.

Bridge programs are designed to prepare students and ease the transition into college. Examples of topics include general “college knowledge”, study skills, time management, learning styles, strategies for studying, expectations, and more. Academic content may include accelerated instruction in developmental math, reading and writing skills.

Who is it for?

Priority is given to new students who are one or more of the following: enrolled in a basic skills course, first-generation college student, low-income, from Plumas County, eligible for DSPS services, foster youth or a veteran.

Students who are committed to their education and feel they would benefit from a refresher, or just want to get ahead are also encouraged to sign up.

When is it and Where?

Monday, August 7th -11th & August 14th -17th (Monday-Friday) from 10:00 am to 1:00 pm
Workshops are held on the FRC Campus

Why should I go?

By participating, you may be able to jump ahead into a higher level English and/or math course which saves YOU time and money. Participants will meet new students, faculty and student services staff and get better integrated with the college and community.

Summer Bridge will provide incoming students with academic skills to be successful in college. Students will develop relationships on campus with instructors, mentors, advisors, student ambassadors and other supportive members of the campus community.

If that’s not enough reason, there are more incentives! Attend all sessions and get up to \$400 in textbooks loaned to you for fall semester (conditional on funding and number of qualified students) also earn meal cards, movie tickets calculators and other cool things!

How do I sign up?

Go to www.frc.edu and sign up as soon as possible. Space is limited.

This program is provided by the Student Success Program at Feather River College
