

# FEATHER RIVER COLLEGE

The First Year Experience (FYE) program is a student success program geared toward first year students. FYE familiarizes students with the FRC campus including resources and programs available, and introduces students to a support network of faculty, staff and other students.

The Research and Planning Group for California Community Colleges identified “six success factors” that contribute most to students’ success:

**FOCUSED**  
**Nurtured Engaged**  
**DIRECTED Valued CONNECTED**

**Plan to participate in these activities and download the FRC App to find out about more!**
