Once a student reaches 18 years of age or attends a postsecondary institution, he or she becomes an "eligible student," and all rights formerly given to parents under FERPA transfer to the student. The eligible student has the right to have access to his or her education records, the right to seek to have the records amended, and the right to have control over the disclosure of personally identifiable information from the records (except in certain circumstances specified in the FERPA regulations).

For a student to release their educational record and/or information to anyone, that student must have an *Authorization to Release Information* form on file with Feather River College stipulating with whom their educational records and/or information can be released. The records/information will only be released to those for which authorization has been given.
